WHAT'S IN A NAME?

Advantage means putting yourself in a better position, and that's exactly what we want for you.

The work you do is more important now than ever before, and the samples you produce more precious. You have been able to rely on Eppendorf to help deliver accurate, reliable results, but we want to be more than your provider of consumables, instruments, and services.

We are also here to be your partner and resource center. Our bi-annual publication includes articles and promotional offers.

We hope to help give you the Advantage to succeed in the lab!

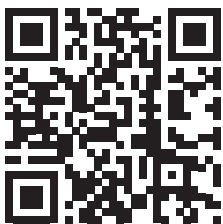

Have Confidence in Your Consumables

We understand the critical role that high-quality lab consumables play in scientific research and discovery. That's why we are proud to offer a comprehensive range of premium lab consumables designed to provide you with the confidence you need in your experiments. Our products are meticulously crafted to meet the highest standards of reliability, precision, and performance, ensuring accurate and reproducible results every time.

Discover our wide range of tips, tubes, plates and sustainable consumables that are designed with your research in mind.

- ▶ Uncompromising Quality
- ▶ Reliable Performance
- ▶ Innovative Solutions

Visit our Confidence In Your Consumables page for a one-stop shop!

<https://eppendorf.group/mwx2xg>

DID YOU KNOW?

You can set recurring orders directly on our eShop page! All you need to do is login to your account, add your products and proceed to checkout! Set the order as recurring and submit your order! Set it & forget it - the perfect way to simplify your day!

<https://eppendorf.group/72823i>

Your Choice, Your Competitive Edge

Explore the Mastercycler® X50 series, available as standalone units with a touchscreen interface and eco units for additional throughput. With advanced PCR optimization and rapid heating and cooling rates, the Mastercycler X50 ensures fast and reliable results, giving you a distinct edge in your research.

SAVE TODAY

Get 25% off select standalone Mastercycler X50 units, plus free BioBased plates!

- ▶ **\$8,350** – Cat. No. 2231001072 – Mastercycler® X50a, aluminum block, compatible with 96-well or 0.1/0.2 mL tubes, touchscreen interface, and 1 pack (25 ct.) of PCR Plates BioBased.
- ▶ **\$8,850** – Cat. No. 2231001073 – Mastercycler® X50s, silver block, compatible with 96-well or 0.1/0.2 mL tubes, touchscreen interface, and 1 pack (25 ct.) of PCR Plates BioBased.

Get 15% off Advantage OS Mastercycler Services

- ▶ **\$1,115** – Cat. No. 2231001085 – Mastercycler® Services

WHY YOU WILL LOVE IT

- ▶ **Enhanced Throughput:** Connect up to 9 additional eco units in a network to a standalone X50 cycler
- ▶ **Advanced PCR Optimization:** Improve the efficiency of your PCR experiments with the X50's fast ramp rates and 2D-gradient function
- ▶ **User-Friendly Interface:** Benefit from ease of operation and reliable performance of your X50 cycler whether a silver (X50s) or aluminum (X50a) block

DID YOU KNOW?

For accurate PCR runtime estimates, you must consider average ramp rates - not just the maximum. Discover our Application Note No. 274 for actual PCR runtime comparison data!

<https://eppendorf.group/00co2f>

Redefine the Ordinary with the Mastercycler® X40

In today's labs, where PCR is a common practice, your thermocycler should consistently deliver exceptional performance. Discover the Mastercycler X40, built with Eppendorf quality, ensuring dependable results with every PCR run.

WHY YOU WILL LOVE IT

- ▶ **User-Centric Design:** Effortlessly set up your PCR runs with an intuitive touch-screen interface and one-hand operation
- ▶ **Eco-Friendly:** Reduce waste with minimal packaging and lower energy consumption for a more environmentally conscious lab
- ▶ **Versatile Compatibility:** Accommodate a range of tube sizes (0.1 and 0.2mL) to 96-well plates, to meet your experimental needs
- ▶ **Compact Build:** Maximize space in the lab with dimensions similar to a sheet of paper and a weight of just 7.25 kg

DID YOU KNOW?

Contribute to sustainability with the Mastercycler X40. Its eco-friendly features, such as minimal packaging and low power consumption, will help reduce waste and CO₂ emissions in your lab.

- ▶ **\$1,115 – Cat. No. 2231001085 – Mastercycler® Services**

Your Lab Multi-Tool: Plate and Tube Mixer + Vortex

Get our most versatile MixMate bundle to efficiently mix your samples and reactions in skirted plates and 1.5/2.0mL tubes. The integrated vortex function increases the versatility even further and makes the MixMate your perfect lab tool.

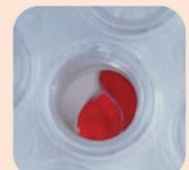

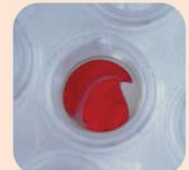

DID YOU KNOW

The MixMate provides enough mixing power to efficiently mix your samples and reactions in less than a minute. The ^{2D}Mix-Control technology avoids spills and cross-contamination.

Read this to learn more!

<https://eppendorf.group/b8gnt3>

SAVE TODAY

Save 25% on the purchase of MixMate with a 1.5/2.0 mL tube holder.

▶ \$1,999 – Cat. No 2231001075 – Mixmate® with 1.5/2.0mL Tube Holder Starter Bundle

Are You Using Different Tubes and Plates in Your Experiments?

Whether working in PCR plates and strips, deepwell plates, or reaction tubes, there is a MixMate accessory to efficiently mix your samples and reactions.

THE FLEXIBILITY YOU NEED

Tube and plate holders for most consumables formats:

- ▶ 1.5 mL or 2.0 mL tubes
- ▶ 5 mL tubes or 15 mL conicals
- ▶ 25 mL tubes or 50 mL conicals
- ▶ 96-well PCR plates

SAVE TODAY

Attain Sustainable Practices within Your Lab

Join the lab sustainability movement with our Centrifuge 5427 R. This high-throughput refrigerated microcentrifuge uses natural refrigerants for reduced environmental impact without sacrificing performance. Embrace eco-friendly features such as ECO shut-off and energy-saving standby mode to enhance efficiency while moving towards a greener future.

SAVE TODAY

Buy a refrigerated Centrifuge 5427 R with rotary knobs control panel and receive a complimentary 30 x 2 mL rotor, 12 x 5 mL rotor, and 5 mL Eppendorf Tubes® BioBased.

- ▶ **\$9999** – Cat. No. 2231001069 – Centrifuge 5427 R, refrigerated, with rotary knobs control panel, 30 x 2 mL rotor, 12 x 5 mL rotor, and 5 mL Tubes BioBased (1 pk/200 pcs.)

Get **15% off Advantage OS Microcentrifuge Services**

- ▶ **\$560** – Cat. No. 2231001087 – Advantage OS Centrifuge Services for non-refrigerated microcentrifuges
- ▶ **\$840** – Cat. No. 2231001086 – Advantage OS Centrifuge Services for refrigerated microcentrifuges

DID YOU KNOW?

Eppendorf Tubes BioBased are made from renewable feedstock (recycled from food oil wastes and residues, for example), applying ISCC mass balance approach. They are available in sizes ranging from 5.0 mL to 50 mL, perfect for cell culture, cell biology, and sample preparation in microbiology and molecular biology.

Boost Your Cell Culture Research

Gentle centrifugation and precise controls is crucial for maintaining cell integrity. The Eppendorf Centrifuge 5910 Ri is your solution for advancing your cell culture research. Along with an intuitive touch-interface and four-liter capacity, it offers unmatched versatility while ensuring optimal conditions for cell viability and productivity.

SAVE TODAY

Buy an Eppendorf Centrifuge 5910 Ri Cell Culture Bundle and receive a complimentary microcentrifuge with a 24-place rotor.

- ▶ **\$17,999** – Cat. No. 2231001068 – Eppendorf Centrifuge 5910 Ri Cell Culture Bundle includes Centrifuge 5910 Ri with touch interface, refrigerated, 120 V/50-60 Hz, with Rotor S-4x Universal buckets (two adapters for 17 conical tubes 15 mL, 16 Eppendorf Tubes 5 mL, or one microplate Eppendorf Tubes 5.0 mL; two adapters for seven conical tubes 50 mL, one bottle 250 mL, or one microplate 50 mL conical), and two aerosol-tight caps

Get 15% off Advantage OS Multipurpose Centrifuge Services (Refrigerated & Non-Refrigerated)

- ▶ **\$795** – Cat. No. 2231001083 – Advantage OS Centrifuge Service for non-refrigerated multipurpose centrifuges
- ▶ **\$1,345** – Cat. No. 2231001089 – Advantage OS Centrifuge Service for refrigerated multipurpose centrifuges

DID YOU KNOW?

To optimally spin your samples and protect your Centrifuge 5910 Ri's lifetime, we are offering a 15% discount on the Advantage OS Service Package: Two service visits within one year (one visit for full preventive maintenance and one for a repair visit; or both visits can be used for repair needs). Parts, labor, and travel are included.

Save Over 20% on Eppendorf Liquid Handling Essentials

Equip your lab with everything you need for accurate and efficient liquid handling. Our complete bundles cover a wide range of essential lab tasks, from sample preparation to reagent dispensing and serial dilutions. Each bundle is designed to offer outstanding precision, ergonomic comfort, and enhanced productivity.

WHY YOU WILL LOVE IT

- ▶ **Great Savings:** Enjoy significant discounts on complete liquid handling bundles.
- ▶ **Reliable Results:** Engineered to deliver precise outcomes every time.
- ▶ **Ergonomic Designs:** Reduce fatigue and boost productivity.
- ▶ **Wide Variety:** Options to fit every lab's specific needs.
- ▶ **Improved Throughput:** Instruments designed for speed and accuracy.

DID YOU KNOW?

These bundles include lab favorites like:

- ▶ **Easypet 3 Pipette Controller:** Precise control for serological pipettes.
- ▶ **Repeater M4 Dispenser:** Ideal for routine, repeatable liquid dispensing.
- ▶ **Repeater E3x Electronic Dispenser:** Accurate and high-throughput dispensing.
- ▶ **Pipette Manager:** Smart management system for tracking and optimizing pipette usage, enhancing lab efficiency.

ORDER TODAY

Save over 20% on Eppendorf's essential packages tailored for ultimate lab efficiency.

- ▶ **\$2,670 – Cat. No. 2231001060 –**
LH Essentials Package 1: Includes 4x Eppendorf Research® plus single-channel pipettes (0.1 – 2.5 µL, 2 – 20 µL, 20 – 200 µL, 100 – 1,000 µL), 3x epT.I.P.S.® Box 2.0 (each containing 96 pipette tips), a ballpoint pen, a carousel stand, a Repeater® M4 manual dispenser, and an Easypet® 3 pipette controller.
- ▶ **\$3,333 – Cat. No. 2231001061 –**
LH Essentials Package 2: Features 4 Research® plus single-channel pipettes (0.1 – 2.5 µL, 2 – 20 µL, 20 – 200 µL, 100 – 1,000 µL), 3x epT.I.P.S.® Box 2.0 (each containing 96 pipette tips), a ballpoint pen, a carousel stand, an Easypet® 3 pipette controller, and a Repeater® E3x electronic dispenser with holder.
- ▶ **\$5,390 – Cat. No. 2231001062 –**
LH Essentials Electronic Package: Buy 3 Eppendorf Xplorer® single-channel pipettes (0.5 – 10 µL, 5 – 100 µL, 50 – 1,000 µL) and receive a charging carousel, discounts on a Repeater® E3 electronic dispenser, an Easypet® 3 pipette controller, and a free Pipette Manager software for efficient data management.

Fill 384-Well Plates Easily—Perfect for PCR

Get free twin.tec® skirted PCR plates with our advanced 16- or 24-channel Research plus pipettes—ideal for fast, accurate 384-well filling.

ORDER TODAY

Buy a Research® plus 16 or 24 channel pipette, get 50 free 384-well skirted PCR plates—perfect for efficient PCR setups.

- ▶ **\$1,545** – Cat. No. 2231001063: 16-ch Eppendorf Research® plus, 1-20 µL, epT.I.P.S.® Box 2.0 with 384 pipette tips, and 2 free boxes 384-well, clear, Eppendorf twin.tec® skirted PCR plates (25 plates per box)
- ▶ **\$1,545** – Cat. No. 2231001064: 16-ch Eppendorf Research® plus 5-100 µL, epT.I.P.S.® Box 2.0 with 384 pipette tips, and 2 free boxes 384-well, clear, Eppendorf twin.tec® skirted PCR plates (25 plates per box)
- ▶ **\$1,696** – Cat. No. 2231001065: 24-ch Eppendorf Research® plus 1-20 µL, epT.I.P.S.® Box 2.0 with 384 pipette tips, and 2 free boxes 384-well, clear, Eppendorf twin.tec® skirted PCR plates (25 plates per box)
- ▶ **\$1,696** – Cat. No. 2231001066: 24-ch Eppendorf Research® plus 5-100µL, epT.I.P.S.® Box 2.0 with 384 pipette tips, and 2 free boxes 384-well, clear, Eppendorf twin.tec® skirted PCR plates (25 plates per box)

WHY YOU WILL LOVE IT

- ▶ Effortlessly fill 384-well plates in fewer steps with 16- or 24-channel Eppendorf Research plus.
- ▶ Ideal for high-throughput PCR assays, reducing prep time significantly.
- ▶ Engineered for comfort: less force needed for tip attachment and ejection.
- ▶ Optimize your PCR workflow with consistent and reliable sample distribution.
- ▶ Receive two packs of twin.tec skirted 384-well PCR plates free with each Eppendorf Research plus 16- or 24-channel pipette.

DID YOU KNOW?

You can fill a 384-well plate in under one minute with our 16- & 24-channel pipettes and the innovative epT.I.P.S. 384 pipette tips!

Next-Level Cell Culture

Today's cell culture work requires more than technical solutions for optimized growth conditions and efficient contamination prevention. The CellXpert C170i is a third-party certified ISO class 4 / GMP grade A cleanroom compatible CO₂ incubator.

WHY YOU WILL LOVE IT

- ▶ Third-party certified 180°C High-Temperature Sterilization
- ▶ Temperature homogeneity certificate (DIN 12880)
- ▶ ISO class 4 / GMP grade A cleanroom compatibility according to ISO 14644-1
- ▶ IQ/OQ GxP Services
- ▶ Remote monitoring of cell growth conditions with VisioNize Lab Suite
- ▶ Did your experiment conditions change? Add O₂ control, humidity monitoring, and split doors later in the field

DID YOU KNOW?

Even the smallest deviations in the growth conditions can lead to unreliable and unreproducible results. To protect your valuable cells and expand your CO₂ incubator's lifetime, we are offering a 15% discount on the Advantage OS Service Package: Two service visits within one year (one visit for full preventive maintenance and one for a repair visit; or both visits can be used for repair needs). Parts, labor, and travel are included.

\$1,320 – Cat. No. 2231001091 – Advantage OS – CO₂ Incubator Services

SAVE TODAY

Save up to
16%

Save up to 16% on the purchase of a double stack of the CellXpert C170i CO₂ incubator.

- ▶ **\$20,999 – Cat. No 2231001050 – 2 x CellXpert® C170i non-segmented inner door, handle right side, 100-127 V/50-60 Hz; full stacking kit included. Left-handed units: Cat. No 2231001051**

Get free copper shelves and a copper water tray when you buy one CellXpert C170i with O₂ control.

- ▶ **\$17,700 – Cat. No 2231001052 – CellXpert® C170i inner door with 4 door segments, handle right side, 1-20 % oxygen control, water and humidity monitoring package, 100-127 V/50-60 Hz; Included: copper water tray and 4 copper shelves. Left-handed unit: Cat. No 2231001053**

The Evolution of Mammalian Cell Culture

A true alternative for open-air shakers inside CO₂ incubators. The New Brunswick S41i is the only CO₂ shaker with integrated high-temperature disinfection and a seamless stainless-steel chamber combined with the robust Innova® triple-eccentric drive.

WHY YOU WILL LOVE IT

- ▶ **Two in one:** Shaker platform for suspension cultures plus a top shelf for simultaneous static cultivation
- ▶ **Cleaned quickly, easily, and reliably:** No fans, air ducts, or hidden spots inside the smooth, seamless chamber
- ▶ **Peace of mind:** 120 °C High-Temperature Disinfection (HTD) to protect your cells and your experiments
- ▶ **Significantly reduced CO₂ consumption:** Save money, change gas cylinders less frequently, and support your sustainability goals

DID YOU KNOW?

Choosing your CO₂ shaker correctly will ensure you get the best results. Taking care of your instrument will help keep it running efficiently and extend its lifespan. We are offering a 15% discount on the Advantage OS Service Package: Two service visits within one year (one visit for full preventive maintenance and one for a repair visit; or both visits can be used for repair needs). Parts, labor, and travel are included.

\$2,201 – Cat. No. 2231001092 : S41i CO₂ Incubator Shaker Services - Advantage OS

SAVE TODAY

Save 15% on the New Brunswick S41i CO₂ shaker

- ▶ **\$21,999 – Cat. No. 2231001049 – New Brunswick S41i, 170 L, CO₂ incubator shaker with inner shelf and touch screen control, stackable up to 2-fold, 1 (2 optional) shelves, 120 V ± 10%/50/60 Hz (US), orbit 2.5 cm (1 in)**

Shake More. Shake Faster. Shake Right.

The latest and most advanced incubator shaker, the Innova S44i, can fit up to twice as many flasks as other shakers in the market and is ready to reliably support high-yield expression protocols at high speeds, 24/7.

WHY YOU WILL LOVE IT

- ▶ **Shake More:** Up to 102 % higher flask capacity; triple-stack the Innova S44i to increase capacity without sacrificing valuable lab space
- ▶ **Shake Faster:** reach higher speed in a triple stack to support high-yield protein expression and plasmid prep protocols
- ▶ **Shake Right:** patented X-Drive with five shafts for vibration-free shaking over years

DID YOU KNOW?

The Eppendorf Shaker Legacy relies on high-quality instruments and proper maintenance.

Get a 15% discount on the Advantage OS service package for your new S44i: two service visits within one year; one visit for full preventive maintenance and one for a repair visit; or both visits can be used for repair needs. Parts, labor, and travel are included.

- ▶ **\$27,262** – Cat. No. 2231001082 – Innova® S44i refrigerated, stackable up to 3-fold, 120 V \pm 10 %/50/60 Hz (US), orbit 5.1 cm (2 in)

The Space-Saving -80°C Freezer

The Innova U535 takes advantage of ultra-efficient, ultra-compact vacuum insulation panels in combination with traditional insulation to slim down the freezer wall thickness and save lab space.

WHY YOU WILL LOVE IT

- ▶ Quick pull-down and fast recovery times to keep your sample's integrity
- ▶ Low energy consumption
- ▶ Each shelf is adjustable in height for additional storage flexibility
- ▶ Vent port to allow immediate access to your samples after closing the door
- ▶ Special outer door seals to prevent ice buildup

DID YOU KNOW?

You can trust your samples' safety to Eppendorf Sample360, the first end-to-end digital strategy for ultra-low temperature sample management. Each element works seamlessly together to ensure that your sample is safe, your data is secure, and your results are reliable.

CENTRIFUGATION

The Centrifuge 5430 R is a unique cross-over microcentrifuge with multipurpose capabilities. It features a small footprint, great versatility, and refrigeration functionality for temperature-sensitive samples.

022620603 Centrifuge 5430 R, keypad interface, 48 x 2 mL QuickLock® rotor, 120 V

022620625 Centrifuge 5430 R, knob interface, 48 x 2 mL QuickLock® rotor, 120 V

Our whisper-quiet Centrifuge 5425 microcentrifuge is the laboratory standard. It offers an outstanding set of features for a broad range of molecular and cell biology applications.

5405000441 Centrifuge 5425, knob interface, FA-24 x2, 120 V

5405000042 Centrifuge 5425, keypad interface, FA-24 x2, 120 V

Sincere, Reliable Service

Here at Eppendorf we are committed to providing sincere, reliable services and the tools to help you maintain premium performance and maximum safety of our instruments and your applications.

This includes a comprehensive range of carefully designed service solutions performed by our dedicated Application, Training, and Technical Service teams worldwide. With our services we complement our product portfolio with Application Support, Seminars and Training, Technical Support and Maintenance and Certification Services.

*This promotion can be combined with new or existing Eppendorf equipment that does not currently have future service coverage. The promoted service agreement starts at the conclusion of warranty coverage and is governed by the terms of the Advantage O/S service offering. This promotion cannot be applied to multi-year purchases. Please contact Eppendorf for alternative savings for multiple-year deals.
