

# GREEN GAS CERTIFICATE

Certificate No. 2024-8232-0001

We hereby confirm  
to all german locations of the  
Eppendorf SE

(among others Eppendorf SE, Eppendorf Polymere GmbH, Eppendorf Vertrieb Deutschland GmbH)  
the climate-effective compensation of CO<sub>2</sub> emissions caused by the use of natural gas in heating systems.

The CO<sub>2</sub> emissions are compensated through the project portfolio of KlimalInvest Green Concepts GmbH. The supported projects are officially registered, follow the rules of the Kyoto Protocol and are additionally certified according to the strict requirements of the independent and non-profit Verified Carbon Standard Association (VCS).

By using green gas, the climate effective offset of at least 1.181 tons of CO<sub>2</sub> emissions is achieved for the calculated gas consumption of 5.000 MWh in the period from January 1st 2024 to December 31st 2024.

The issuance and cancellation of CO<sub>2</sub> reduction is carried out through certified international registers and officially confirmed.

Jobst Jenckel  
KlimalInvest  
Green Concepts GmbH
