

Save big with packs for every volume range

Eppendorf Pipette Multi-Packs

Pick your pack and save on Eppendorf pipettes

Our multi-pack offerings of mechanical single-channel pipettes present a cost-effective solution for purchasing a set of 3 or 6 Eppendorf pipettes in typical volume variants. Each set includes high-quality epT.I.P.S.[®] pipette tips. Whether you're upgrading your pipetting workspace or establishing a new lab, these packs are an ideal choice. We offer multi-packs for both Eppendorf Research[®] plus and Eppendorf Reference[®] 2 pipettes, catering to your specific preferences.

- > **Eppendorf Research[®] plus** single-channel pipettes are lightweight, ergonomic workhorses for any laboratory. They are the first pipettes to be ACT[®]-labeled for eco-friendly business practices.
- > **Eppendorf Reference[®] 2** pipettes feature a unique operating concept with a single button for volume selection, pipetting, and tip ejection, making them the ideal choice for professional users.

Your benefits with Eppendorf pipettes & pipette tips

Engineered for reproducibility, Eppendorf pipettes deliver accurate and precise results. Their lightweight, ergonomic design – featuring 4-digit displays and spring-loaded tip cones – minimizes strain during pipetting.

Our pipettes are robust, withstand many aggressive chemicals, and can be adjusted to different liquid types without altering the calibration. They offer full autoclavability, easy dismantling, and UV light resistance. An intuitive color-coding for pipettes and tips simplifies the process of selecting the correct pipette and consumable.

In combination with **epT.I.P.S.® pipette tips**, Research plus and Reference 2 pipettes provide an optimal solution for reproducible, safe, and ergonomic pipetting.
